

Math Department Summer Homework

All St. Bernard math students will be completing summer assignments through eVENTURES. You will need to log on and complete the assignments in your list by receiving a mastery score on the test. Study and practice tests are available prior to taking the mastery test. You may retake mastery tests in order to improve your score up to five times.

It is very important for all students to complete their summer assignments to maintain math skills. Remember, your summer work is graded! Assignments must be submitted the first day of school, August 31. No late work will be accepted.

The website is <http://als.4aplus.com>

Please note that this is not a www. site!

You will need the latest version of JAVA to run this program.

Please follow the instructions on the website if you need to install it.

Log on: `firstname.lastname`
Password: student ID number

Attention Incoming Freshmen! Your assignments will not be online. A summer math packet will be mailed to you after July 1 and available for pick up at the school.

If you have any questions or are unable to complete an online assignment, please contact Ms. Schreck, Mathematics Department Chair, at lschreck@stbernardhs.com
